Invictus TT 460

Unconventional Luxury

With TT460, Invictus takes the refined allure that has always characterized the boats of the Italian shipyard to a new dimension. The taut and essential lines are those that distinguish the Invictus hulls, widely appreciated since the launch of the first GT280. Balanced and precise signs, which entrust the dynamic effect to the dialogue between smooth and muscular surfaces and carefully calibrated openings.

Invictus TT460 is conceived as something more than a simple boat: the meaning of the entire project, from the concept of the spaces on board to the choice of materials and options, is to create the perfect place for a day of sharing, fun and lightness.

Technical data

Length: 14.27 m

Draft: 1.2 m
